

PM MITRA — Mega Integrated Textile Region and Apparel

Integrated Textile Value Chain Infrastructure (5F Vision)

A flagship initiative to strengthen India's textile industry via the "5F" vision (Farm→Fibre→Factory→Fashion→Foreign) — integrating spinning, weaving, dyeing, and garment manufacturing at a single location.

1 Eligibility Criteria

FOR STATE GOVERNMENTS

- Ready, contiguous, encumbrance-free land of at least 1,000 acres.
- Conducive industrial/textile policy, single-window clearances, utility infrastructure (water, waste disposal, power).

FOR INVESTORS & MANUFACTURERS

- Registered textile/apparel manufacturing business (proprietorship, partnership, Pvt Ltd, or cooperative).
- Financial & operational readiness to set up units within the designated Park boundaries.

2 Benefits

Plug-and-Play Infrastructure

Pre-built factory sheds, processing houses, effluent treatment plants & testing centers.

Development Capital Support

Up to 30% of project cost — ₹500 Cr (Greenfield) / ₹200 Cr (Brownfield) parks.

Competitiveness Incentive

Up to ₹300 Cr per park for anchor investors & manufacturing units.

Reduced Logistics Costs

Single-zone value chain cuts transport time/costs, boosting competitiveness.

3 Documents Required

Registration: GST registration and Corporate Identity Number (CIN)

Project Proposal: Detailed Project Report (DPR) & investment proposal

Allotment Application: Land/unit application specific to the park's SPV

Financials: Bank guarantees and financial statements

Compliance: Proof of environmental and operational compliances

4 Validity

7 Years
FY 2021-22 to 2027-28

Approved and launched with an initial outlay of ₹4,445 crore to develop world-class integrated textile parks.
